*\*Leadership is practiced not so much in words as in attitude and in actions.\**

## Computer Lab & Educational Club Programs

### Virtues Project

w/Jordan

Tuesday 3:30-4:30

A program that helps children remember who they really are and to help create a culture of character.

### Club Tech w/Anna

Tuesdays & Thursdays

4:30 - 5:00

Participants will have the opportunity to learn and express their creativity through various computer programs and activities.

### Torch Club w/Chad

Fridays - 3:30-4:00

Join this small-group leadership development program where members elect officers and plan and implement their own activities and community service projects.

### Junior Staff

Junior Staffers get to help out around the club in areas such as the Snack Shack, develop a sense of responsibility and earn a little bit of money all at the same time. Weekly meetings are held on Thursdays at 5:15 and are a mandatory part of being a Junior Staff member.

### SMART MOVES

Wednesdays

3:30-4:00

A national program designed to help kids in grades 2-6 identify and resist peer, social and media pressures by providing guidance and resistance skills for risky behaviors & negative choices.

### Power Hour

Monday-Friday

3:30-4:30

Get your homework done at the Club! A staff member will always be available to help and you get points and prizes for completing your homework.

### Project Learn

You are always learning, so why not get points and prizes at the club for it! Play fun games like Scrabble, Cranium and more, read your favorite magazines, help others with their homework & much more. Activity options are updated every week to help guide you and give you fun chances to learn!
